Chihuahua, México

Fullstack web developer

Septemeber, 2018 – May 2019

- I improved the process and UX/UI for multiple views, ensuring to bring the simplest solution by talking directly with users/clients.
- I implemented and improved APIs to fulfill the needs of the clients and maintain the service updated with the newest norms such as would be the case of the billing API.
- I maintained and improved the legacy code.
- I improved the queries to make them faster and avoid extracting risky information.

EDUCATION

MICROVERSE

October 2019 – Present

Remote Full Stack Web Development Program, Full Time

- Spent 1500+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair-programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.
- Mentored two developers giving them advice in time management and helping them to stay focused on the program

Universidad Tecnologica del Estado de Chihuahua - UTCH

ICT Associate level

January 2016 – December 2018

- I built a GYM application in JavaFX that won the first place.
